Art Portfolio Pack

Welcome!

Your child's artwork is a treasure—a window into their creativity, growth, and self-expression. This **Art Portfolio Pack** is designed to help you organize, display, and celebrate those treasures. Think of it as a scrapbook, journal, and gallery all in one!

Whether your family uses a simple 3-ring binder, an accordion folder, or a decorative keepsake box, these printables will help you create a portfolio that is organized, meaningful, and fun to flip through for years to come.

What's Included:

1. Printable Cover Pages

- Choose from two designs so your kids can make their portfolio personal.
- Add their name, grade/age, and school year.

2. "About the Artist" Pages

- A fun snapshot of who they are right now.
- Prompts like "Fun facts about me...", "Favorite colors...", "Favorite artist..." make it easy to fill in.

3. "My Art Goals" Worksheet

- A guided page to help your child set creative intentions for the semester or year.
- Prompts like "This year I want to learn..." or "Art supplies (or techniques) I want to try..."

4. Mini Gallery Wall Frame Printables

- Print, cut, and hang these ready-made frames or background cards.
- Great for rotating favorites on the fridge, a corkboard, or a hallway wall.

5. Artwork Labels

- Use these to identify each piece with the title, medium, and date.
- Perfect for binder sleeves or mounting on a gallery wall.

How to Use This Pack:

1. Print & Organize

- Decide if you'll keep artwork in a binder, folder, or display wall.
- Print the cover page and slip it into the front.

2. Add Artwork Throughout the Year

- Slip finished pieces into clear sheet protectors, tape into a sketchbook, or store flat in a folder.
- Attach an artwork label to help track progress.

3. Reflect Together

- Fill out the "About the Artist" and "My Art Goals" pages at the beginning of the year.
- Review them again at the end—kids love seeing how they've grown!

4. Host a Mini Art Show (Optional)

- Hang 8x10 (and larger) pieces straight on the wall using clear pushpins (Canvases will hang on these too.) No framing required, but you might choose to frame a few favorites.
- Use the mini gallery wall printables (included) to frame and hang your child's favorite smaller pieces.
- Invite family, friends, or co-op members to walk through and celebrate their creativity.

Tips for Parents:

1. **Save the Messy Ones Too** - Sometimes the best growth shows up in experiments that didn't go as planned.
2. **Date Everything** - You'll be amazed to look back a year (or five!) and see their artistic journey.
3. **Celebrate the Process** - The portfolio isn't just about "finished" art—it's about discovery, practice, and expression.

Closing Note:

This **Art Portfolio Pack** isn't just a binder of papers. It's a visual diary of your child's imagination—a keepsake of their unique artistic voice. Years from now, these will be **treasures** to you and them. You'll be so glad you saved these creative moments.

So print, collect, display, and most of all—delight in the masterpiece that is your child!

Helping you create beautiful memories with your kids,

Alisha

Print this frame on card stock, then carefully cut inside and out to frame a work of art.

(Pro Tip: Parents, use an Xacto knife to cut out the center for the child.)

Once multiple artworks are framed, use twine or string and small clothespins to create a fun gallery wall.

(Pro Tip: Parents, use an Xacto knife to cut out the center for the child.)

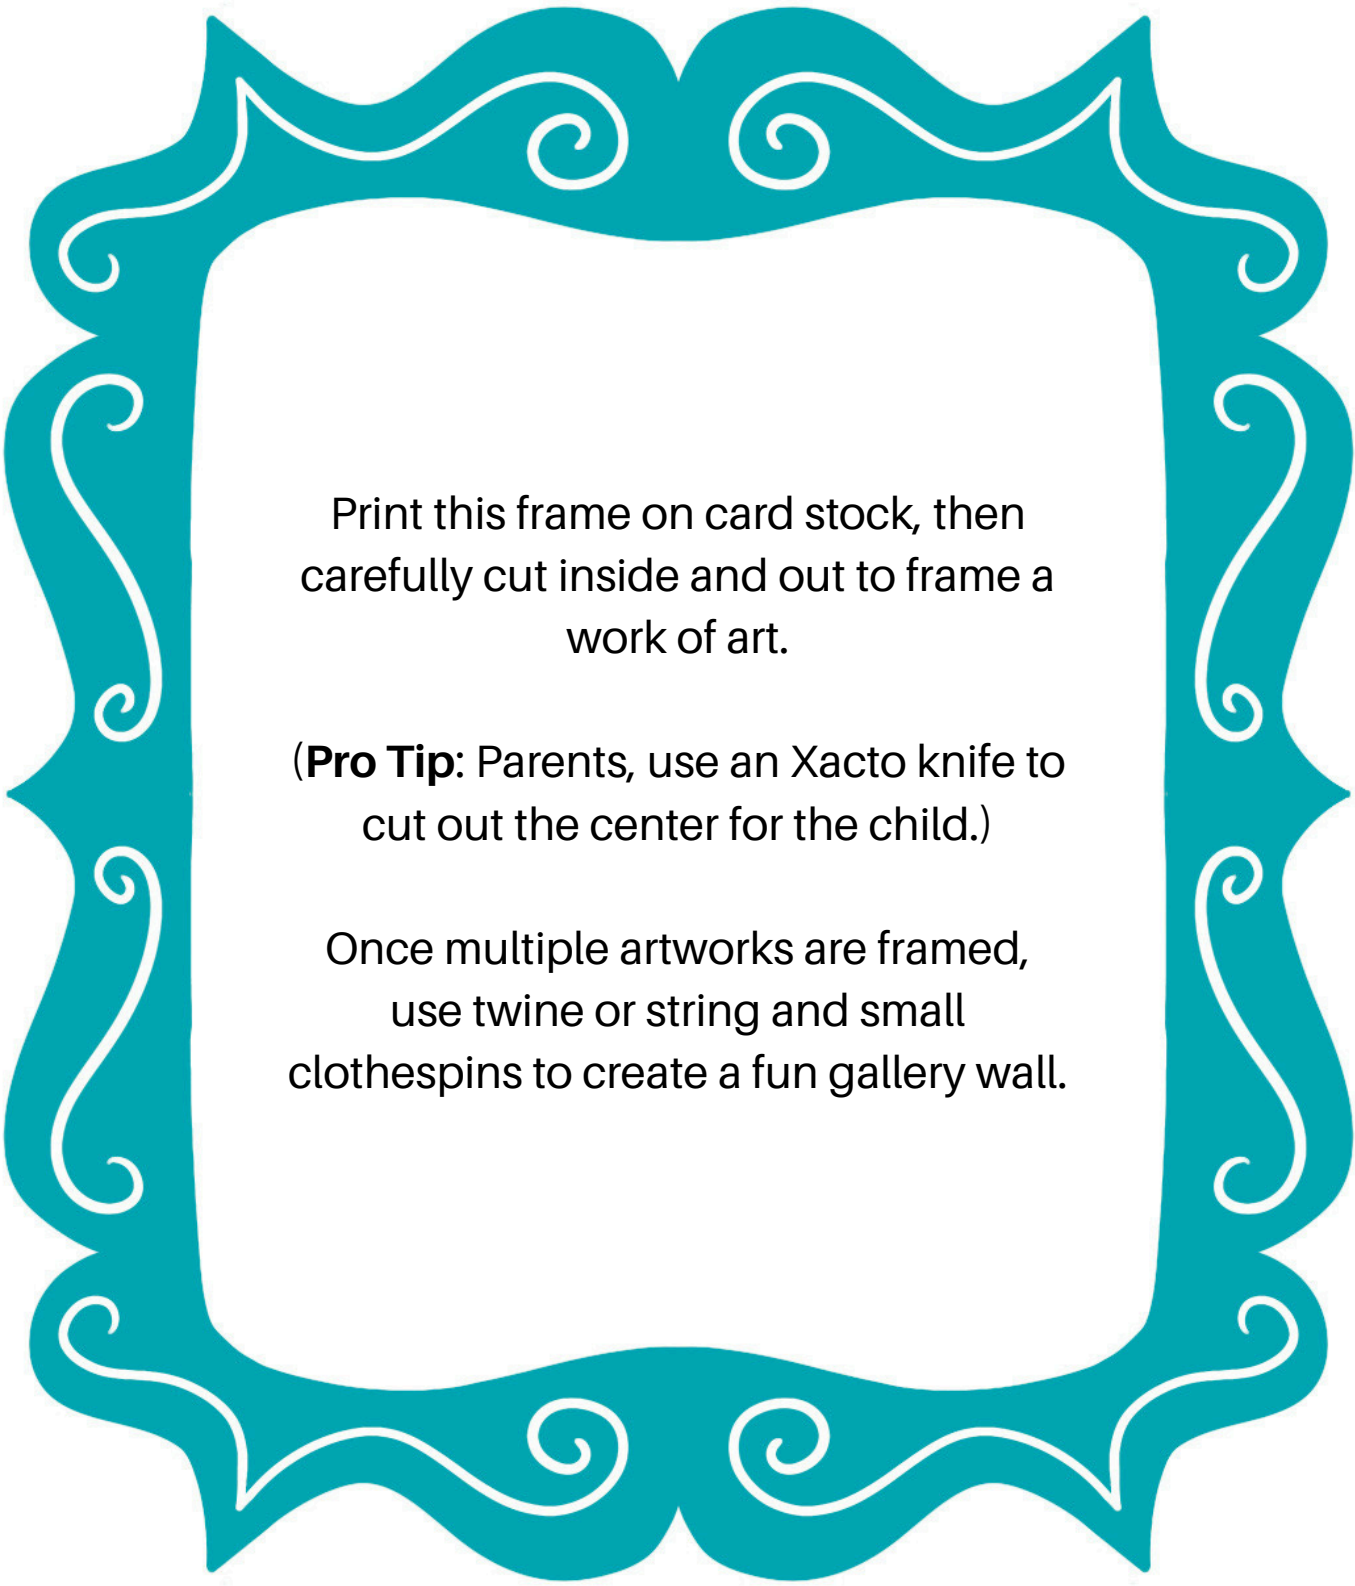

Once multiple artworks are framed, use twine or string and small clothespins to create a fun gallery wall.

A decorative pink frame with white scrollwork patterns. The frame is rectangular with rounded corners and features intricate white scrollwork designs along its edges. The top and bottom edges have a central double-lobed shape with a scroll inside. The left and right sides have a vertical scroll design. The frame is intended to be cut out and used to display artwork.

Print this frame on card stock, then carefully cut inside and out to frame a work of art.
